

COVID-19/CORONA VIRUS

INFORMATION TO VISA HOLDERS

You have been issued a visa for the territories of the Schengen States. A visa does not automatically entitle you to cross the Schengen external border. The final control of the entry conditions is done when you cross the Schengen border. As soon as you receive your short-stay visa, make sure that all the information it contains is correct.

Travel restrictions, testing and quarantine due to the Corona virus

Your short-stay visa does not exempt you from travel restrictions and other measures in place within the EU/EEA/Schengen area in response to the Corona virus. You must familiarize yourself with the rules that apply for *your* destination *before* entering the Schengen area.

For Norway, all travelers (except children under 16) **must complete an entry registration form before arrival**: entrynorway.no. You will need to be able to present proof of entry registration for inspection on arrival.

The Norwegian government has also imposed measures on **testing and entry quarantine**. Please refer to the following website: <https://helsenorge.no/coronavirus> for more information.

If you do not comply with all entry measures in force, you will be refused entry to Norway.

For the EU, you will find essential information on travel restrictions and other measures on this portal: <https://reopen.europa.eu/en>
