

## Travel agencies accredited by the Royal Norwegian Embassy in New Delhi

Registering many applications as a group saves time and it is possible to have the assistance of a travel agency. However, remember that all applicants have to meet personally to submit biometrics (fingerprints and digital photo) after the Schengen member states introduced [Visa Information System \(VIS\)](#) in India from November 2015.

Travel and tour agencies who have been accredited by the Royal Norwegian Embassy in New Delhi may assist in the visa application process on behalf of applicants who wish to travel to Norway on group tours. You can find an updated list of accredited travel agents below.

### **How to apply for accreditation**

According to the Visa Code, Article 45, accreditation shall be based on the verification of the current status of the commercial intermediary. This means that any company wanting to be accredited to the Royal Norwegian Embassy must, as a minimum, provide official documentation on the company registration.

In addition, documentation supporting the status of your agency, such as recognitions from the Government of India, will substantiate your application. Furthermore, contracts with agents in Norway/Schengen, agreements with transport companies in India and banking contracts would also substantiate your application.

The Embassy therefore suggest you submit an application with relevant documentation as stated above. The Embassy would then make a decision on the application.
